

Landnemaskólinn

Nám fyrir fólk af erlendum uppruna sem hefur náð nokkru valdi á íslensku. Lögð er áhersla á íslenskt talmál og þekkingu á íslensku samfélagi og atvinnulífi.

Námið er 120 kennslustundir, þar sem farið verður í íslensku, samfélagsfræði, tölvur færnimöppu, sjálfsstyrkingu og samskipti. Nám þetta er ætlað fyrir þá sem hafa nokkra íslenskukunnáttu eða um 150 kennslustundir að baki.

The Settlers' School is for foreigners who speak some Icelandic. The emphasis is on spoken language as well as knowledge about the Icelandic community and economy. The subjects we teach are: Icelandic, sociology, computer science, the making of a personal portfolio, building up self-esteem and communication. The course is 120 lessons and is based on conversation and projects, where students seek information on the web, from the media and from institutions. The Ministry of Education has agreed that credit points, from The Settlers' School, up to ten points, can be evaluated in Comprehensive Colleges.

Szkola dla osiedlencow. Kurs obejmuje 120 godzin prowadzonych w języku islandzkim nauki o społeczeństwie islandzkim, asertywności i kontaktów z ludźmi z otoczenia, przygotowania CV oraz nauki na komputerze. Jest to kurs przeznaczony dla znających język islandzki lub tych, którzy ukończyli 150 godzin kursu języka islandzkiego.
